At the lighting of the first Advent candle

Lord Jesus, light of the world, born in David's city of Bethlehem, born like him to be a king: be born in our hearts at Christmas, be King of our lives today.

Tea and coffee are served in the Hall after the morning service

Collect for Advent Sunday

Almighty God, give us grace to cast away the works of darkness and to put on the armour of light, now in the time of this mortal life, in which your Son Jesus Christ came to us in great humility; that on the last day, when he shall come again in his glorious majesty to judge the living and the dead, we may rise to the life immortal; through him who is alive and reigns with you, in the unity of the Holy Spirit, one God, now and for ever.

Gospel Acclamation: Alleluia! Alleluia! Prepare the way of the Lord, make his paths straight, and all flesh shall see the salvation of God. **Response: Alleluia!**

Post Communion: Sunday before Advent

O Lord our God, make us watchful and keep us faithful as we await the coming of your Son our Lord; that, when he shall appear, he may not find us sleeping in sin but active in his service and joyful in his praise; through Jesus Christ our Lord.

Next Sunday, Second Sunday of Advent (*Year C readings now*)

Baruch 5.1-9 (reader: Jenny Black); Benedictus, **Philippians 1.3-11** (reader: Trena Radcliffe); **Luke 3.1-6** (Gospeller: Mark Hewerdine); Intercessor: Mark Hewerdine

From Bishop David on the receiving of Holy Communion

We are becoming increasingly aware of the severe reaction some people have to gluten. As a result, churches are now used to providing gluten-free bread in services of Holy Communion. However, what is often overlooked is that dipping wafers in the wine can introduce gluten which others then drink.

It is already advised nationally that, for reasons of hygiene, the intinction [dipping] of wafers should be avoided. When a wafer is given into the hands of a communicant, it may become contaminated by germs lying on the skin. Intincting the wafer then introduces those germs directly into the wine; there is also the possibility of finger tips inadvertently dipping into the liquid.
